# DAMEL

- Damel was founded in 1986 and produces streetwear, sportswear and technical clothing for a large range of areas: sport, sailing, golf, motorsport, motorcycling and ski, as well as personal protection clothing for the law-enforcement and industry.
- The company specializes in several production techniques such as frame application, automatic and laser cut, seam sealing and bonding.
- Damel holds its own pattern department.
- Damel holds a Gore-Tex license since 1992.
- The company exports around 99% of its production.

# DAMEL

- Damel is constantly betting on innovative products and production processes and has been building strong partnerships with CITEVE (Technological Centre for the Textile and Clothing Industries of Portugal), University of Minho and nanotechnology centres.
- Due to the increasing search of new developments, Damel felt the urge to create its Research, Development and Innovation Department - Damel Innovation.
- Damel holds Research, Development and Innovation certification granted by APCER in September 24, 2012- NP 4457:2007 and ISO 9001:2015 certification.
