## CONTEXT: why, who and how

*Dr. Ariadna Detrell*

Porto, 3rd April 2019

WG5 – THEMATIC WORKSHOP

Cost Action  
CA17107

# European Network to connect research and innovation efforts on advanced Smart Textiles

*A smart (or intelligent) textile material is a “functional textile material, which interacts actively with its environment, i.e. it responds or adapts to changes in the environment”*

Technical workgroup CEN/TC 248 Textiles and textile products, WG 31 Smart Textiles, on standardisation of smart textiles.

## CONTEXT: Why

---

- **Textile industry is experiencing a growing demand for high-tech materials**
- **There is the need to focus research to the market**
- **An open innovation approach is essential**

## CONTEXT: Why

We aim to join efforts at European level **to facilitate the market uptake of new advanced textile materials, reducing the gap between research and industry.**

This goal can only be achieved involving all the major stakeholders of the process: universities, technological centers, industry and end-users under the coordination from one of the main tools which contributes to the improvement of competitiveness and productivity of the different economic sectors in the European environment: **THE**

**CLUSTERS**

# CONTEXT: Who

## FACTS

- Led by clusters
- Set in the framework of COST PROGRAMME (European Cooperation in Science and Technology)
- 4 years
- 34 EU Countries / 3 Near Neighbour Countries / 1 International Partner Country
- Open to all professionals and organizations aiming to contribute to achieve its goal

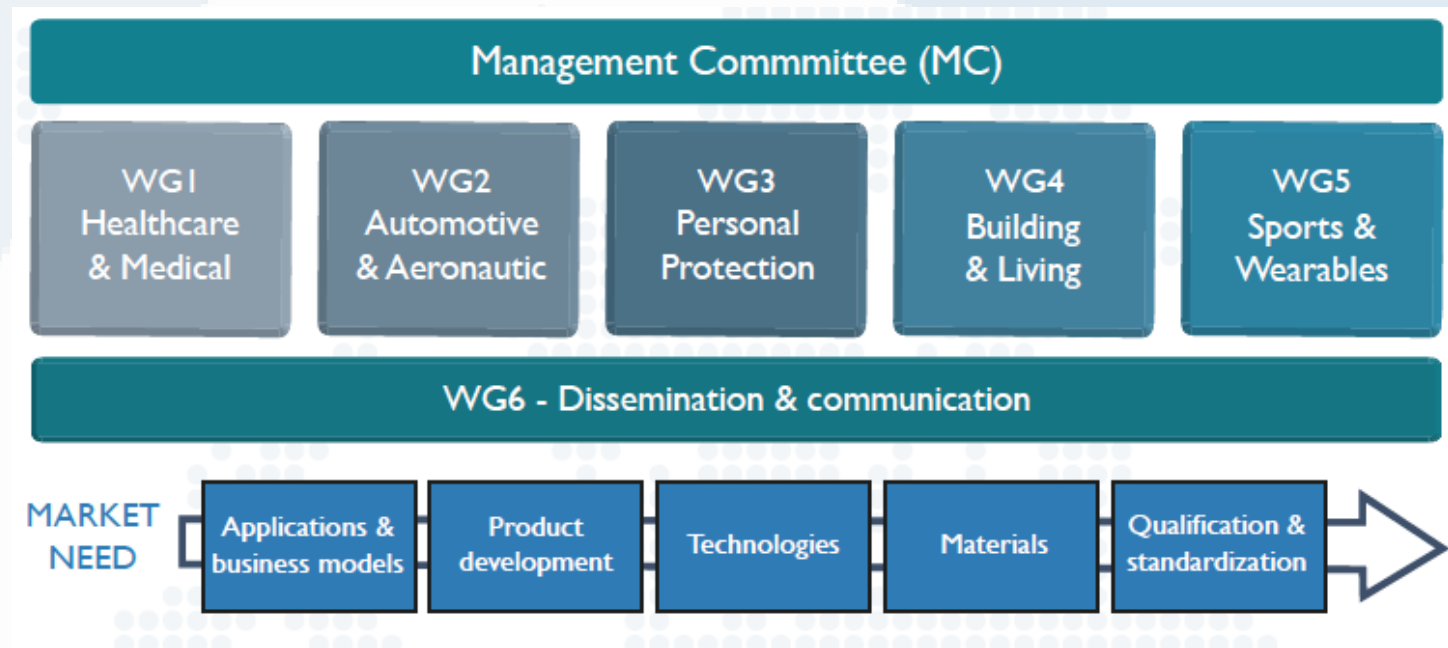

# CONTEXT: Who

**COST MEMBER COUNTRIES:** Albania, Austria, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Finland, France, Germany, Greece, Ireland, Israel, Italy, Latvia, Lithuania, Malta, Montenegro, Netherlands, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, United Kingdom, fYR Macedonia.

**INTERNATIONAL PARTNERS:** Morocco, Jordan, Tunisia, Japan

# CONTEXT: How

## HOW TO PARTICIPATE

Short Term  
Scientific Missions

Training  
Schools

International  
Conferences

Working  
Groups

Thematic  
Workshops

<http://www.context-cost.eu/participate/>

# CONTEXT: *Short Term Scientific Missions*

- Support individual mobility or researchers
  - Foster collaborations
  - Foster transfer of knowledge
- Duration of the visit
  - 5 → 90 days
  - 91 → 180 days for early career investigators
- Applicants : researchers (PhD, postdoc,...)
  - Proposed topics based on thematics of working groups
- Next CONTEXT STSM call : May 2019 !

# CONTEXT: Training school

- Intensive training on emerging research topics
  - Dealing with a specific equipment,
  - Sharing expertise
- Duration of the program
  - 5 days → 3 weeks
- Applicants : all trainees from RTD organizations
- Next CONTEXT training school : *coming soon...*

# CONTEXT: International conferences

- Financial support for participation to conferences in COST countries
  - Transfer of knowledge
  - networking
- Applicants : Early career investigators with an oral/poster presentation accepted by the scientific committee of the conference
- Next CONTEXT Call for grants : May 2019

# CONTEXT: Thematic workshops

- Working group market-pull approach
  - Share knowledge between all stakeholders
  - Open meeting on a dedicated applicative sector
- Applicants : reseachers, industrials,...
- Next opportunity :
  - Associated to the iTechStyle Summit in Porto – April 2019
  - Dedicated to sport & wearables
